Scripting Languages:

JavaScript (ES6)

Relevant Skills:

REST API, Json Web Token (JWT), React Router DOM, Promises, Async/Await, Client-side Storage (LocalStorage, SessionStorage).

Tools:

VScode, Postman, Vite v4.5.3.

EDUCATION

2019 – 2021

- **Bachelor of Computer Applications** - St. John's College, Tirunelveli, Tamil Nadu (73%)

CAREER EXPERIENCE

Front-End Developer, VSoft Solutions

2025 Jan – present | Tirunelveli

Tech Stack: React.js, MUI (Material UI), TanStack, Firebase, WordPress

As a Front-End Web Developer, I specialize in building responsive and user-centric web applications using React.js and MUI. With additional experience in WordPress development, I focus on delivering modern UI/UX, performance optimization, and scalable solutions tailored to business needs.

Key Projects

- **E-Learning Platform – Math Gym** Developed a dynamic and responsive e-learning website using React.js and MUI. Prioritized engaging UI components and seamless navigation to enhance the learning experience across devices.
- **E-Commerce Portal – Durga Traders (Water Purifier Company)** Designed and implemented the company's main website and e-commerce platform. Used React.js, MUI, and Firebase to showcase products, enable real-time data handling, and ensure a smooth shopping experience.
- **Corporate Website – Internal Company Site** Contributed to the redesign and feature updates of our company's internal website. Improved layout, visual consistency, and performance using modern UI frameworks.

WordPress Developer – Gayra Construction & Nivedha Interior

- Designed and developed custom WordPress websites tailored to specific client needs.
- Modified existing themes and plugins to add functionality and improve performance.
- Ensured mobile responsiveness, SEO optimization, and cross-browser compatibility.

Associate-Helpdesk Coordinator, 3i Infotech-

2023 Jun – 2024 May | Bangalore

- Provided remote technical support to end-users, resolving hardware, software, and network-related issues efficiently.
- Utilized remote desktop tools to diagnose and troubleshoot problems, ensuring minimal disruption to business operations.
- Managed and resolved IT service tickets promptly, maintaining high levels of user satisfaction and system uptime.
- Assisted in system updates, software installations, and routine maintenance to ensure optimal workstation performance.

CERTIFICATES

- **Certification of Training in Frontend Development** from Uniq Technology, Chennai, from June 2024 to September 2024 (4 months).
- **Certification of Internship in Frontend Development** from Minerva Softs, Chennai, from August 2024 to October 2024 (3 months).
